

Dr. Seth S. Martin received his Bachelor of Science degree from Washington and Lee University, graduating summa cum laude and Phi Beta Kappa. He went on to receive his medical degree from the University of Pennsylvania and completed his internal medicine training at Duke University.

Dr. Martin then completed a cardiology fellowship at the Johns Hopkins University School of Medicine. He was designated the Henry R. Kravis & Marie-Josée Cardiovascular Fellow and also served as a Pollin Cardiovascular Prevention Fellow. Dr. Martin was awarded the Howard S. Silverman Research Award for originality and creativity in medical research. Additionally, he was recognized as an Up and Coming Future Star of Cardiology by the American College of Cardiology. During his fellowship, Dr. Martin obtained a Master of Health Science degree at the Johns Hopkins Bloomberg School of Public Health.

After completing the fellowship, Dr. Martin joined the Johns Hopkins Cardiology faculty. He works with the Ciccarone Center for the Prevention of Heart Disease. Dr. Martin has a longstanding interest in preventive cardiology, in particular cardiovascular risk assessment, lipidology, and mobile health technology.

Dr. Martin has published more than 110 articles in leading cardiology and medicine journals, as well as 11 book chapters. He contributed to an update to preventive cardiology published in Braunwald's *Heart Disease: A Textbook of Cardiovascular Medicine*. He serves as Associate Editor for the American College of Cardiology's CardioSource Dyslipidemia Clinical Community.
