

INDEX OF PAPERS

Volume 31, Issues 1-4, 2006

- M. Bucová, R. Záhorec, M. Buc: Immunomodulatory effect of recombinant human procalcitonin on mitogenic activity of lymphocytes. 87
- A. Cheda, J. Wrembel-Wargocka, E.M. Nowosielska, M.K. Janiak: Immune mechanism of the retarded growth of tumor nodules in mice exposed to single low-level irradiations with X-rays. 44
- B. Dziankowska-Bartkowiak, A. Żebrowska, E. Joss-Wichman, J. Kobos, E. Waszczykowska: Expression of metalloproteinases and their inhibitors in skin lesions of systemic sclerosis (SSc) patients. 94
- E. Górka, U. Demkow, R. Pińkowski, B. Jakubczak, D. Matuszewicz, J. Gawęda, W. Rzeszotarska, M. Wąsik: Determination of monocyte count by hematological analyzers, manual method and flow cytometry in polish population. 1
- L. Jung, E. Skopińska-Różewska, P. Małydyk, E. Sommer, B. Wojciechowska, J. Chorostowska-Wynimko, J. Bany, A.K. Siwicki, B. Lisowska: Enoxaparin treatment enhanced angiogenic activity of mouse and human serum. 6
- D. Kantárová, M. Buc, M. Stuchlíková, M. Mokáň, M. Vrlík: Ethio-pathogenesis of autoimmune diabetes mellitus in humans. A review. 102
- D.W. Kowalczyk, G.K. Przybylski, D. Lisiecka, R. Słomski, J.S. Nowak: Gamma/delta tumor infiltrating lymphocytes selectively infiltrate human renal cell carcinomas. 75
- E. Mierzwińska-Nastalska, M. Jaworska, U. Demkow: Concentration of α 1-antitrypsin in serum of blood in dependence on the level of intensity of denture stomatitis. 11
- E.M. Nowosielska, J. Wrembel-Wargocka, A. Cheda, M.K. Janiak: A single low-dose irradiation with X-rays stimulates NK cells and macrophages to release factors related to the cytotoxic functions of these cells. 51
- A. Paradowska, J.K. Łącki: Pro-inflammatory cytokines gene polymorphisms in Rheumatoid Arthritis. 117
- M. Podhorecka, A. Dmoszynska: The assessment of caspase activation during apoptosis of malignant cells in B-cell chronic lymphocytic leukaemia. 84
- W. Stankiewicz, M.P. Dąbrowski, M. Jabłkowski, R. Kubacki, E. Sobiczewska, S. Szmigielski: Immunotropic influence of pulse modulated 1300 MHz microwaves on cultures of lymphocytes and monocytes isolated from the blood of patients with chronic virus B hepatitis. 36
- B. Polańska, M. Niemczuk, D. Augustyniak, A. Jankowski: Plasma neutrophil elastase in children with recurrent aphthous stomatitis. 15
- E. Skopińska-Różewska, J. Gibka, M. Gliński, A.K. Siwicki, E. Sommer, J. Bany: Immunotropic effects of undecan-2-one in mice. 57
- P. Skopiński, E. Barcz, J. Szaflik, A. Lipińska, E. Sommer, U. Demkow, E. Skopińska-Różewska: Angiogenic activity and IL-12p40 concentration in healthy people and diabetes patients sera. 18
- S.M. Słotwińska, R. Słotwiński: Periodontal disease and cytokine inhibitors. 22
- R. Słotwiński, W.L. Olszewski, I.W. Krasnodębski, M. Słodkowski, G. Lech, M. Zaleska, M. Kopacz: Changes in interleukin-6 and cytokines antagonists serum concentrations in patients after pancreatic cancer surgery receiving nutritional support. 25
- R. Słotwiński, W.L. Olszewski, G. Lech, A. Chaber, M. Słodkowski, M. Zaleska, I.W. Krasnodębski: The reoperation for infective complications after major surgery of pancreas does not evoke additional cytokine response. 31
- A. Szymkiewicz, L. Jędrychowski: Determination of pea proteins allergenicity with the use Balb/c mouse. 63
- A. Wasiutyński, E. Skopińska-Różewska, L. Jung, E. Sommer, J. Bany, A.K. Siwicki, J. Chorostowska-Wynimko, A. Prątnicki, M. Morton, H. Skurzak: Comparison of the effects of enoxaparin and nadroparin on tumor angiogenesis in mice. 70
- A. Wojas-Pelc, M. Ciszek, M. Kurnyta, J. Marcinkiewicz: Cytokine network in psoriasis. Cross-talk between keratinocytes and cells of the skin immune system. 111
- B. Wróblewska, G. Duda, E. Wieczorek, W. Karwowska: The effect of the diet of pregnant women on the development of allergy at their children. 40
