

# CALL FOR PAPERS

Archives of  
Medical Science

## ATHEROSCLEROTIC DISEASES

- **The first child of the renowned journal – Archives of Medical Science (AMS)**
- **The most recognized worldwide experts in the field of atherosclerosis**
- **The fastest review process – the decision within 2 weeks only!**
  - **The fastest publication of your paper – the final version of the paper published within 6 weeks after acceptance!**
- **PubMed and SCOPUS indexation from the first volume!**

### TOPICS:

Adipokines  
Aneurysms  
Angiogenesis, arteriogenesis, neo-vascularization  
Animal models of vascular diseases  
Arrhythmias  
Arterial hypertension  
Atherosclerosis imaging  
Basic research  
Biomarkers  
Cardiovascular prevention  
Clinical studies, clinical trial  
Coronary artery disease  
Diabetes, Diabetic complications  
Diet  
Drug-related side effects  
Elderly  
Endothelial function, intima-media thickness  
Epidemiology  
Extensive reviews, narrative reviews, reviews

Familial hypercholesterolemia  
Gender  
Genetics of lipid disorders  
Guidelines, recommendations, consensus papers, position papers  
HDL, Reverse cholesterol transport  
Heart failure, Left ventricular dysfunction  
Hypolipidemic drugs  
Hypotheses, Viewpoints  
Immunology  
Inflammation, oxidative stress, antioxidants  
Interventional therapies  
LDL  
Lipoprotein metabolism  
Metabolic syndrome  
Molecular biology  
Myocardial Infarction  
New drugs  
Non-alcoholic fatty liver disease  
Nutraceuticals, functional food

Peripheral artery disease  
Physical exercises  
Nutrition  
Obesity  
Platelets  
Public health  
Quality of life  
Rheumatoid arthritis  
Risk stratification, risk prediction  
Safety  
Smoking  
Statins  
Stroke, cerebrovascular diseases  
Systematic reviews, meta-analyses
